

UFO videoprojector mount for truss, silver

UFO videoprojector mount for truss, silver

SKU: 05398

Colour: Silver

To apply the support to the truss, use our clamp or use any clamp with a M10 male insert. It is vertically tiltable ($\pm 25^\circ$) as well as horizontally (360°), by adjusting the central part (h40mm) of the assembly swivel. It can be fixed by its spanner which is supplied with the bracket. To apply the videoprojector to the support, you have to use 4 arms of different dimensions (78/138/168mm). Use the feet to position the arms at the same height, and then fix to the support. M3, M4 and M5 screws and instruction manual included.

Also available in:

- [Anthracite \(Cod: 05329\)](#)

Specifiche
