

M Tilt 1 clamp +adapter+Portrait bar

M Tilt 1 clamp +adapter+Portrait bar

SKU: 24686

It is a bundle code that consists of 4 separate products that can be combined:

- M-Tilt with 1 clamp: tilting system (+/-10° on 2 projection axes with 360° angle) with single-camp truss fastening clamp.
- Adapter: a device to make the extra bar compatible with M-Tilt
- Portrait bar: Additional bar that can be placed LATERAL to the cage and is compatible with both MATRIX ALFA and BETA.

Although not included in this bundle, a MATRIX ALFA (22000) or BETA (22500) is required to use this bundle.

It's possible to use the bundle fixing the cage in lateral mounting, horizontal truss, portrait projection, adjustable.

See the product pages for more details: 23400, 22628.

Compatible with cage **Matrix Alfa 22500, Matrix Beta 22500*

Certification IMQ: EN 62368-1:2014+A11:2017 clause 8.7
