

MoTrax truss-mounted monitor support

MoTrax truss-mounted monitor support

SKU: 23876

Euromet's screen mount for truss comes from the company's long-standing experience with extremely reliable mounts for quick and safe installation.

These features were also applied to the rental items, namely with a mount possessing all the features required to facilitate and accelerate work in the show business industry.

The mount has a 100x100 VESA, a screen quick coupling system, a horizontal and vertical joint, safe and stable, as well as a quick tilting fastening point with lever
