

Omega stick con doppia clamp

Omega stick con doppia clamp

SKU: 26856

Omega stick with double clamps, 50 & 30 mm sizes.

- Omega Stick Double Clamp allows quick installation of the cage to the truss
- You can connect the cage to the truss even more than 2 Omega Sticks
- Any form of orientation can be used, landscape, portrait and floor
- Its clamps are connected by two Euromet omega sticks which allows for easier attachment and more space to install the system more conveniently
