
Arakno Omnia - Projector mount with micrometric adjustment

Arakno Omnia - Projector mount with micrometric adjustment

SKU: 29600

Projector mount with micrometric adjustment along the three Cartesian axes, 360° rotation and dual spatial adjustment (lateral and depth), ideal for immersive rooms and multi-projector setups.

- Tilt system with patented mechanism
- Brass screws to compensate for differences in mounting holes
- Greater centring and spatial adjustment: 30 cm forwards and backwards, and 30 cm left and right
- Micrometric adjustment of the 3 Cartesian axes
- Dedicated plate for the projector model to ensure greater stability.
- Universal projector mount designed for use with Arakno line extension arms and wall brackets
- Micrometric adjustment knobs allowing for millimetre-precise movement
- Hex key access for precise adjustment even under heavy loads

Colour: black
