Material	Fe (structure)
Treatments	powder-coated black/white
Education	edu

Categories: [Arakno](#), [Video Projector Mounts](#)

ARAKNO PLATE is a new accessory completing the ARAKNO line.

It can be installed on the standard ARAKNO instead of using the small brackets to hold projectors with 5 fastening points, such as PANASONIC PT-RZ570 and many others - with utmost stability.

Combined with [ARAKNO PORTRAIT](#) (another accessory of the range) it confers even more stability and strength to the system, thus fastening the projector perfectly after placing it in portrait or floor position.
