Monitor and large-sized LED-wall wheeled stand.

ts sturdy yet elegant structure enables easy handling, even on not perfectly smooth surfaces.

The large width also makes it possible to comfortably shorten the monitor distance without any leg space issue for the user

It can reach up to a 1500x800 VESA and has a height regulation with fixed-distance steps.

The wide and stable top under the monitor is an option and its height can also be adjusted and can host hardware or cameras.

It can host 1 or 2 Racks as accessories, camera brackets both on the upper and lower side, visible shelves, or hidden shelves under or behind the monitor.

White colour

up to 200 inches and weight up to 200 kg.
